FIFTEEN CENTS

On 2-year contract

## Teachers, board reach agreement

The Antioch Grade School Board of Education and the grade school teachers' union reached a tentative agreement on a new two-year contract early yesterday morning.

The contract was scheduled for a teacher's ratification vote late yesterday afternoon, Grade School Supt. Donald Skidmore said.

Teachers had rejected the board's earlier contract offer by a 50 to 15 vote because they did not like the manner in which the contract was presented to them nor the omission of several items in the contract, according to Richard Bryan, chairman of the negotiating committee and teachers'

spokesman.

Teachers had been offered a 14.1 percent salary increase over the next two years, but would not accept the contract last week because "we're interested in more than money. We care about it a good deal more than that," Bryan had said.

Skidmore reported that the board and teachers had agreed to release the following statement on a tentative settlement and could not comment further until after a ratification vote.

"Early this morning, Feb. 27, at 1:30 a.m. the Antioch Grade School Board and the Antioch Council of the LCFT-AFL local 504 reached a tentative agreement on a

new two-year contract.

"After six and one-half hours of mediation, final agreement was reached in the key area of job security.

"Also clarified was the new tax-deferred retirement package. The teachers' union has scheduled a ratification vote for today

at 3:30 p.m. in the Upper Grade School.

"Adoption of the tentative contract is scheduled for Tuesday, March 6 at the Antioch Grade School regularly scheduled board meeting."

Skidmore added that he presumed the new contract was going to pass.

## Handicapped, low income citizens to qualify first for public housing

Because of a technicality in federal funding, the senior citizen housing planned for Antioch will be available to seniors after an effort is made to rent the apartments to handicapped individuals.

Mayor Michael Haley explained in a village planning and zoning committee meeting that the federal funding for the project is not classified as senior citizen housing, but for the handicapped and those on low incomes.

He explained that no federal money is available for senior citizen housing exclusively, but funds can be obtained for housing that can be used by seniors if the market for the handicapped is exhausted.

The Illinois Housing Development Authority said the housing is not classified as for seniors only, but Haley said "a great majority of the senior citizens fall into the low income category because they are on fixed incomes."

"You're not going to get guaranteed, signed-in-blood, senior housing," Haley added. "But you can get public housing that seniors can qualify for."

Haley said he had talked to a group of senior citizens and had explained the technicality to them.

Haley added that he could not get a guarantee from the Housing Authority that only Antioch residents would be able to live in the public housing.

Trustee Edgar Simonsen added, "If we don't take this (funding) how long will it take until we get senior citizen housing?"

Haley said he was "not at all happy with this. But I'm not that unhappy to say, 'No, we won't do it.' There's certainly a need for senior citizen housing. If we can't get all that we want, we'll get some of what we want."

Haley added that according to waiting lists in the village clerk's office, there are definitely Antioch residents interested in living in the new housing.

Trustee William Seemann said he would recommend that a special use permit be okayed for the housing. Trustee Ron Cunningham said he thought that was "a step in the right direction."

In a letter from the developer, Haley said, they told the board that they had dealt with similar housing situations in the past and found that the "demand was just

not there" for handicapped resident apartments.

Also at the meeting, the board agreed to tentatively hire the Lake County Plan Commission on a per-meeting basis for assistance in going over annexations.

Cranston Byrd, deputy director of Lake County Planning, said his department would help the Antioch Plan commission in reviewing annexations for such areas as subdivisions.

Haley said he would like to see the village enter into a contract with the commission on a per-meeting basis to help iron out fine points in annexation contracts.

A representative from the Lake County Plan Commission will attend a meeting Thursday night to determine the costs of the service.

### Special assessment in Oakwood Knolls to be discussed tonight

An Oakwood Knolls homeowners meeting will be held at 8 p.m. tonight at the State Bank of Antioch to discuss the possibility of a special assessment for added storm sewers in the area.

Joe Veith, president of the Oakwood Knolls property owners association, explained that the meeting will be held to discuss the drainage problem in the subdivision.

Mayor Michael Haley said he would attend the meeting and other village officials expressed interest in it at a village committee meeting held Monday night.

The village board has authorized the village engineer to draw up plans to determine a special assessment figure to take care of storm water drainage in the subdivision.

Veith encouraged all Oakwood Knolls residents interested to attend the meeting.

### Spring cleaning

JOE HUBER, foreman in the public works department, starts some "spring cleaning" with the storm drains on Main Street with the help of other workers. As the snow began to melt with last week's warmer temperatures, drains had to be cleared so water had a place to flow and catch basins wouldn't flood. Huber said the village crew is "still working on" clearing storm drains because there is still a lot of snow out there. (News photo by Sue Nasenbeny)

## High school board okays 2 courses, summer tuition hike

Two courses were added to the curriculum at Antioch High School and an increase in summer school tuition was approved by the school's board of education last Thursday.

Principal Arthur Blecke also reported that the summer Title I program was approved as well as the purchase of a new wrestling mat.

At the meeting, the board okayed the addition of "Introductory Social Studies" which will be required of all sophomores.

The course focuses on the free enterprise system, capital formation, legitimacy of profits, competition and comparative systems.

Blecke explained that the course is designed to foster an understanding of the American economic system.

"It's important for the kids to know about that, about profit and that it's not a crime to make one," he added.

Also approved was "English Review," a one semester course for seniors who do not elect English IV and need to fulfill the three and one-half units of English required for graduation.

In addition, the summer school tuition was approved to be raised from \$33 to \$35 per semester course. Blecke explained that this was necessary to break even as summer school teachers received a salary hike this year.

The Title I program for the summer was okayed at a cost of a little more than \$14,800 for eighth graders going into Antioch High School next fall.

Blecke said the program is by invitation only, upon the recommendation of area grade schools. The program is designed for educationally disadvantaged students.

Also, the board approved the purchase of a new wrestling mat to replace the one purchased in 1960. The new mat will cost \$4,171.

Also, students will have a chance to see the original David Toma, upon whom a television police series was based, at an afternoon all-school assembly on April 25.

Toma served with the New Jersey Police Department for 15 years as a member of the vice squad. He also was the inspiration for the "Baretta" television series.

Blecke said Toma will speak on drug abuse and added

that, he thought it was a "valuable program." Toma is also scheduled to speak at the College of Lake County that week.

Also, Board President Robert Lindblad said board members and school administrators will have a chance to meet with area state legislators at a Legislative Breakfast at Libertyville High School at 9 a.m. April 28.

## 8 students display art

Wiebolts at Lakehurst is the site of the annual "Scholastic Art Exhibit" which displays the best of Lake County's High School art works.

Antioch has eight works accepted in this juried competition which is on public display from now until March 13.

Congratulations are extended to the following students: Bill Gers, Debbie Boehm, Sue Gerten and Jim Bakula. Jim also was honored with gold keys for each of his three drawings, school officials said.

This is the 52nd year of the National Scholastic Art awards program for the encouragement of student achievement in creative art.

Conducted by Scholastic Magazine, with the co-operation of public-spirited sponsors, (Wiebolts in our

region) it has become an institution in the high school world.

Varied classifications cover the fields of painting, drawing, printmaking, design, three dimensional art and photography.

Regional exhibitions give students the opportunity for local recognition with awards of gold keys.

National honors are gold medals, scholarships, cash awards and the honor of display at the National High School Art Exhibit.

This is the first time Antioch High has had work entered and accepted.

The quality of work now being produced by the students is indicative of an improved program continuous from grade school, through upper grade school and high school in the past three years.

## 'Superteacher' congratulated

Editor:

"Congratulations," Mrs. Lucille Whitacre. We are so glad you have been recognized as one of the "10 superteachers" in the Chicago area and so honored by Chicago Tribune magazine as of Feb. 4, 1979.

Mrs. Whitacre was a super teacher when she taught second grade in our Antioch Grade School District 34 for many years before going on to Highland Park.

Their gain was our loss. Pardon me, when I tell you we had a little boy enter her second grade many years ago. He had had a lengthy illness and missed much school in kindergarten and first grade.

He was a very nervous child and couldn't sit still for very long at a time when she got him in her room. Mrs. Whitacre would have him sharpen pencils, clean a chalkboard or empty a waste basket, he then could return to his seat and sit awhile again.

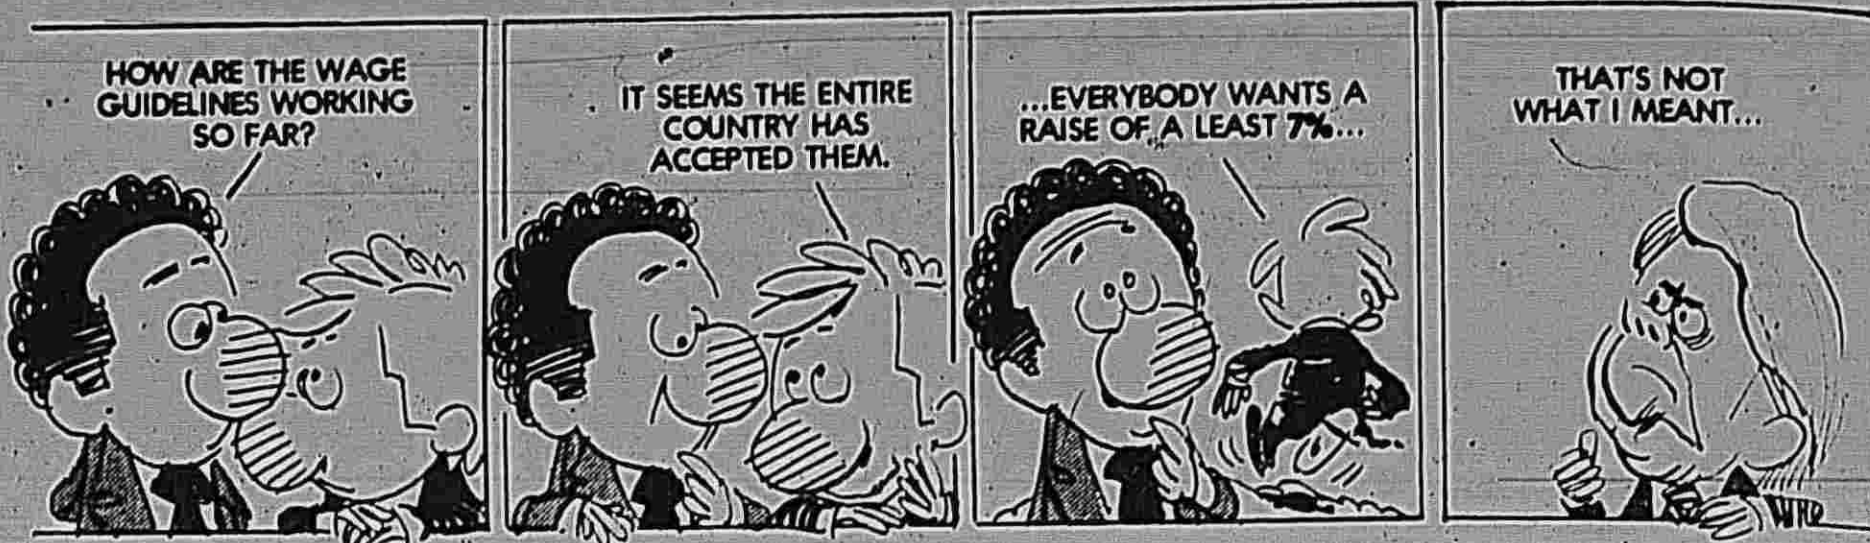

Along with many other little "busy bees" in her room, this was a wonderful individual consideration. She always made the youngster feel he was important to her, if it were helping put on his overshoes or printing his name.

It's good we have a dedicated teacher recognized before her soon retirement years.

We have had so many great teachers, I would hesitate to start naming as I'd probably leave out some, like Mrs. Hester Garland, Miss Alice Smith and Wanda Barthel, who have given Antioch youngsters so much.

## Berning urges support of tax relief bill

A bill to put a clamp on assessed valuation of real property will be heard March 8 by the Illinois Senate Revenue Committee, and the bill's sponsor, Sen. Karl Berning, R-Deerfield, is urging citizens supporting the measure to let him and Revenue Committee members know their feelings.

If the legislation, Senate Bill 18, is passed by the committee, it will be heard by the full Senate. Berning will testify before the committee March 8, citing reasons for passage of the bill.

"I'd like to hear from persons, including hardship cases, about why they would like to see the bill enacted. I then can personally present their experiences to the committee."

"There are many residents who have suffered financial and other hardships because of soaring property taxes, and I'd like to hear from them," Berning said.

The Deerfield Republican said his proposal is the most direct approach to property tax relief, and will not create expensive bureaucratic machinery to enforce the bill, like some other tax relief plans.

Basically, SB-18 would roll back assessed valuation of real property to 1975 levels. This level would remain unless zoning classification or use of the property changed, or improvements were added to the property, or the ownership of the property changed.

It would allow property owners to depend on stable tax assessments, an idea especially attractive to persons on fixed incomes.

Berning urged Illinois residents to contact him at his Deerfield office, 625 Deerfield Road, 312/945-3200 or his Springfield office, 218 State Capitol Building, 217/782-5336.

## Skinner asks motorists to oppose increased gas tax

McHenry County Republican State Representative Cal Skinner Jr., is calling on motorists and truckers in the six county Chicago metropolitan area to vigorously oppose the Governor's call for an increased gasoline tax to build and repair roads until the RTA gas tax is abolished.

"Even if the RTA gas tax is abolished, I don't think the state motor fuel tax should be raised any more than the cost of the RTA gas tax," Skinner said. The RTA gas tax is now five percent sales tax.

"There is absolutely no justification for the present RTA gas tax. People who must drive to work are being forced to subsidize those who are fortunate enough to be able to take public transportation."

"I challenge anyone to stand up in a public meeting in Chicago or the suburbs and debate the fairness of the RTA gas tax with me."

"It's coincidental, but RTA is subsidizing the railroads by about the same amount the RTA gas tax

brought in during its first year; motorists paid \$67 million, while railroads got about \$66 million," the lawmaker pointed out.

"Motorists may also be interested to discover that the average railroad commuter earned almost 50 percent more than the average non-railroad commuter household, according to the 1970 U.S. Census," Skinner added.

Skinner asks those willing to come to Springfield to testify against any state gas tax hike not accompanied by abolition of the RTA gas tax to contact him at his Springfield office, 2006 Stratton Building, Springfield, Ill. 62706.

## RTA community forum to be held tonight

Mayor and local representatives from Antioch and west Lake County have been invited to attend a very important Regional Transportation Authority "Community Forum" at 7:30 p.m. tonight at the Grayslake Village Hall, 164 Hawley St. in Grayslake.

RTA officials said the purpose of this Forum is to gather important local information concerning RTA's No. 570 and N. 573 bus routes in west Lake County.

Results of a recent RTA ridership survey will be discussed.

This new service has not been as enthusiastically accepted as the RTA had hoped and the RTA would like to get some outside input as to what the communities feel can resolve this problem, officials said.

Attending the Forum will be RTA Board member Richard Newland, as well as representatives from RTA's planning, marketing, advertising and transportation departments.

## Sue Koppa:

### One of top 10 Young Persons in state

Sue Koppa, former head of Antioch's parks and recreation, was recently chosen as one of the 10 Outstanding Young Persons in Illinois by the State Jaycees.

She recently received the Distinguished Service Award as Antioch's most Outstanding Young Person in 1978. Jaycee officials said they thought so much of this excellent choice that they submitted her name and credentials to the State Jaycees.

Sue was recognized at an award dinner Feb. 17 hosted by the Park Ridge Jaycees which also honored the other nine Outstanding Young Persons in Illinois.

Also, she was the only woman on the panel of the top 10. Guest speaker at the meeting was Jim Tilmon, NBC channel five weatherman.

The judging panel included such persons as Doug Getz, vice president and general manager of WGN and Steve Pratt, assistant city editor of the Chicago Tribune.

The Jaycees listed some of Sue's impressive credentials as an Outstanding Young Person.

She used her degree in psychology even before completing college at Northern Illinois University in DeKalb. She worked as a volunteer at a Halfway House in DeKalb and a reform school in St. Charles.

Also, she has served on the Bicentennial and United Way committees in Antioch.

Through it all, the Jaycees said, she has maintained her

interest in continuing her education. Sue has attended numerous courses and seminars and has served as a guest lecturer.

She has accomplished this in addition to establishing the excellent parks and recreation program Antioch has today, they added.

"That's a monumental achievement in itself when you think of all the people whose efforts have to be coordinated," Phil Schaub, publicity coordinator for the event said.

Many of the programs which she started still continue, which is "a tribute to the people she chose to work with and how well she established the programs to begin with," he said.

"That may well be the greatest reward of all."

## Lee Trezise resigns as Chamber secretary

Lee Trezise, executive secretary to the Antioch Chamber of Commerce and Industry since October, has announced that she is resigning her position, effective today.

Mrs. Trezise, who told Chamber officials two weeks ago that she was going to resign, said she is doing so for "mostly personal reasons."

However, she said she will keep her commitments to the Miss Antioch Pageant, scheduled for March 24, coordi-

nating and scheduling the first annual event.

She added, "I am not retiring, I have accepted a position at Central Baptist Family Service Agency in Lake Villa as their office manager."

Her first day of employment there will be Thursday.

"I would hope that the people I've worked with felt I've accomplished something," she continued. "I've made a lot of friends, and there will be people I'll miss."

Bill Patterson, president of the Chamber in 1978 and the person Mrs. Trezise worked under, said he was "very disappointed" that she was resigning.

"I tried hard to change her mind, but she resigned for basically personal reasons. It's very unfortunate and I'm sorry to see her go," he added.

He said the Chamber had made an "excellent choice" when they selected Mrs. Trezise as executive secretary last fall.

"She's a better secretary than the Chamber has had in a long time. She had the right attitude for the job and was very professional. She had the most ability and was very efficient," Patterson said.

Bill Bishoff, this year's new Chamber president, said that the Chamber has found a replacement for Mrs. Trezise who will begin her position this Monday.

The new executive secretary is Dixie Sparks of Antioch, who formerly worked as financial counselor for Victory Memorial Hospital in Waukegan. She has worked at the hospital since 1967.

At Victory memorial she was responsible for collection of hospital cash accounts, setting up individual payment programs and contacting public and private agencies regarding payment.

Mrs. Sparks attended Sacred Heart High school in Wauwatosa, Wis. and attended a Dale Carnegie Sales Course in Des Plaines, Ill.

Bishoff said she was also president of a doctor's assistants' association and was program chairman for the American Business Women's association.

"She really has a lot of experience. I'm sure her background will help her in her work as executive secretary," he said.

Mrs. Sparks said she was looking forward to the job, as a "challenging experience. Antioch is a growing, thriving community. And I want to be the best person the Chamber has ever had."

## Miss Antioch contestant

## Linda Kuenhold loves animals

Petite, blonde Linda Kuenhold, 20, contestant in the Miss Antioch pageant, said she would like to earn a degree to become a professional animal trainer, something she's been interested in since kindergarten.

Linda, who has been raising wild animals such as raccoons, squirrels and skunks, said her mother noticed her ability to nurture the animals when she was very young.

She has reared wild baby animals in the area for many years, helping some that were sick to gain the strength to become independent again, even in "hopeless cases."

Linda worked at Marriot's Great America two summers ago as an animal handler and had such duties as being an elephant guard and taking care of baby lion cubs.

LINDA KUENHOLD

She now is working at Northlake Engineering in Antioch as an operator in order to earn the funds to go to a professional animal training school, either in Florida or California, the only two states she knows of which offer degrees in that field.

Linda said she could also go to college and earn a bachelor of science degree to become a professional animal trainer, but said she would rather gain the practical experience that an animal training school offers.

She has the determination to become a trainer, she said, and he hopes to work in that capacity in a zoo someday.

Linda also is talented in other areas.

At Antioch High School, where she graduated in 1977, she was co-captain of the pom-pom squad and a member of the school's acapella choir.

For the talent portion of the Miss Antioch contest, she said she will perform a cane and hat dance routine to the music of the Broadway play, "A Chorus Line."

Some of her hobbies, in addition to taking care of animals, include art and horseback riding. Since she lives on a lake, she has also recently taken up water skiing.

Linda is the daughter of Pat and Al Kuenhold of Antioch and she has two brothers, Jim, 23 and Tim, 18, and one sister, Kim, 21.

On the same day, St. Peter School is holding registration for the 1979-80 school year.

Every family must register including those presently attending St. Peter School. There is a \$25 (non-refundable) per family registration fee payable at the time of registration.

First-graders and new students must present a baptismal and/or birth certificate.

## Alcohol-Drug Interaction

[Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.]

By Don Mendrala

In recent years alcohol, a central nervous system depressant, has increasingly been used in combination with other drugs, most notably the minor tranquilizers (Valium, Librium), and drugs of abuse, such as marijuana. The interaction between and among these substances may be:

1) Antagonistic: so that the effect of either or both is blocked or reduced;

2) Additive: so that the net effect of the combination is the sum of the effects of the individual substances;

3) Supra-additive: in which the effect of two or more agents in concert is greater than their sum. Sort of a 1+1=3 situation.

Youthful alcohol problems require special attention because early drinking behavior predicts drinking habits later in life. Along this line it should be noted that many states have increased the availability of alcohol to youths by lowering the drinking age.

Youthful drinking is usually a transient problem: the "it's Friday night, let's tie one on" attitude. But there is also a hard core group. There is an increasing number of kids drinking in their rooms alone, and demonstrating the classic defined habits of someone who has been drinking for 20 years. The problem with these kids is that they look good, you can't push a mirror in front of them as you can with an older heavy drinker and say, "look what you're doing to yourself." It is felt the aim for treating teens with drinking problems should be to aid the patient in seeing that alcohol is not the only way to deal with difficulties.

## FINANCIAL NEWS

[Editor's Note: This financial news column is designed for the general education of our readers. Mr. Schaub, assistant vice president of the Antioch Savings & Loan Association, will discuss areas such as taxes, insurance, investments and financial planning in general.]

## Philip Schaub

You should see to it that your estate can be settled as quickly and easily as possible. An important new aspect of this is the effect of the Carryover Basis rules.

Your executor (executrix if you pick a woman) must give your heirs written statements telling them what your cost basis was for everything in your estate that is worth at least \$10,000. He also has to do it for every security you owned, regardless of value.

The estate cannot be distributed to the heirs until this requirement has been met. These rules aren't in full force yet, but they're coming and will probably be in force by the time we die.

It is very important that you gather together the proofs of cost basis and put them in a safe place with your will. It is an inconvenient thing to do now, but it will be an impossible task after you die. This extra work is necessary because of a change in the capital gains tax system, not the estate taxes.

When you sell something for more than you paid for it, the extra is capital gain. You are taxed on the difference between what you got for the property (fair market value) and what you paid for it (cost basis). When you inherit something, you don't have a cost basis, as such, because you didn't pay for the property.

The old rules let you use the fair market value at the time you inherited it as your basis. Congress now says that you have to use the decedent's cost basis. You have to carry over his cost basis.

The carry over basis rules do not apply to everything you own. They apply only to possessions worth \$10,000 or more and to all securities regardless of value.

If you have a lot worth \$5,000, it is exempt from these rules. If you have a lot worth \$15,000, the rules do apply to it. If you have stock, the rules apply to it even if it's only worth \$10.

The important thing for you to do today in planning your estate, is to gather those receipts, get all your proofs of cost basis together. Put them in a safe place with your will. That will make everything much easier for your heirs when the time comes.

## Cake decorating: It's a fine art

Antioch High School students in Linda Zeman's "Fine Arts of Cookery" class practice decorating cakes of all shapes, sizes and colors last week, using techniques they discovered in the class.

Mrs. Zeman said the students have been practicing all week, making cakes and learning the different decorations, using a star character mold.

## 'Norman, Is That You?' to open at Andre's

The comedy, "Norman Is That You?" by Ron Clark and Sam Bobrick, will be presented by the American Repertory Theatre Systems dinner/theatre at Andre's Steak House in Richmond, Ill., opening March 16.

Featured in the cast are Lillian Allen of Trevor; Ron Fell of Burlington; Pam Guardi of Waukegan; Brian Blanchard of Lake Zurich and Manny Silverstein of Round Lake.

"Norman Is That You?" is the story of Ben Chambers, a dry cleaner from Dayton, Ohio whose wife has run away with his brother.

Ben goes to New York to visit his son Norman, only to discover that Norman is living with a limp-wrist boy who wears silk nightgowns from Saks and who simply adores lavender on almost everything in his apartment.

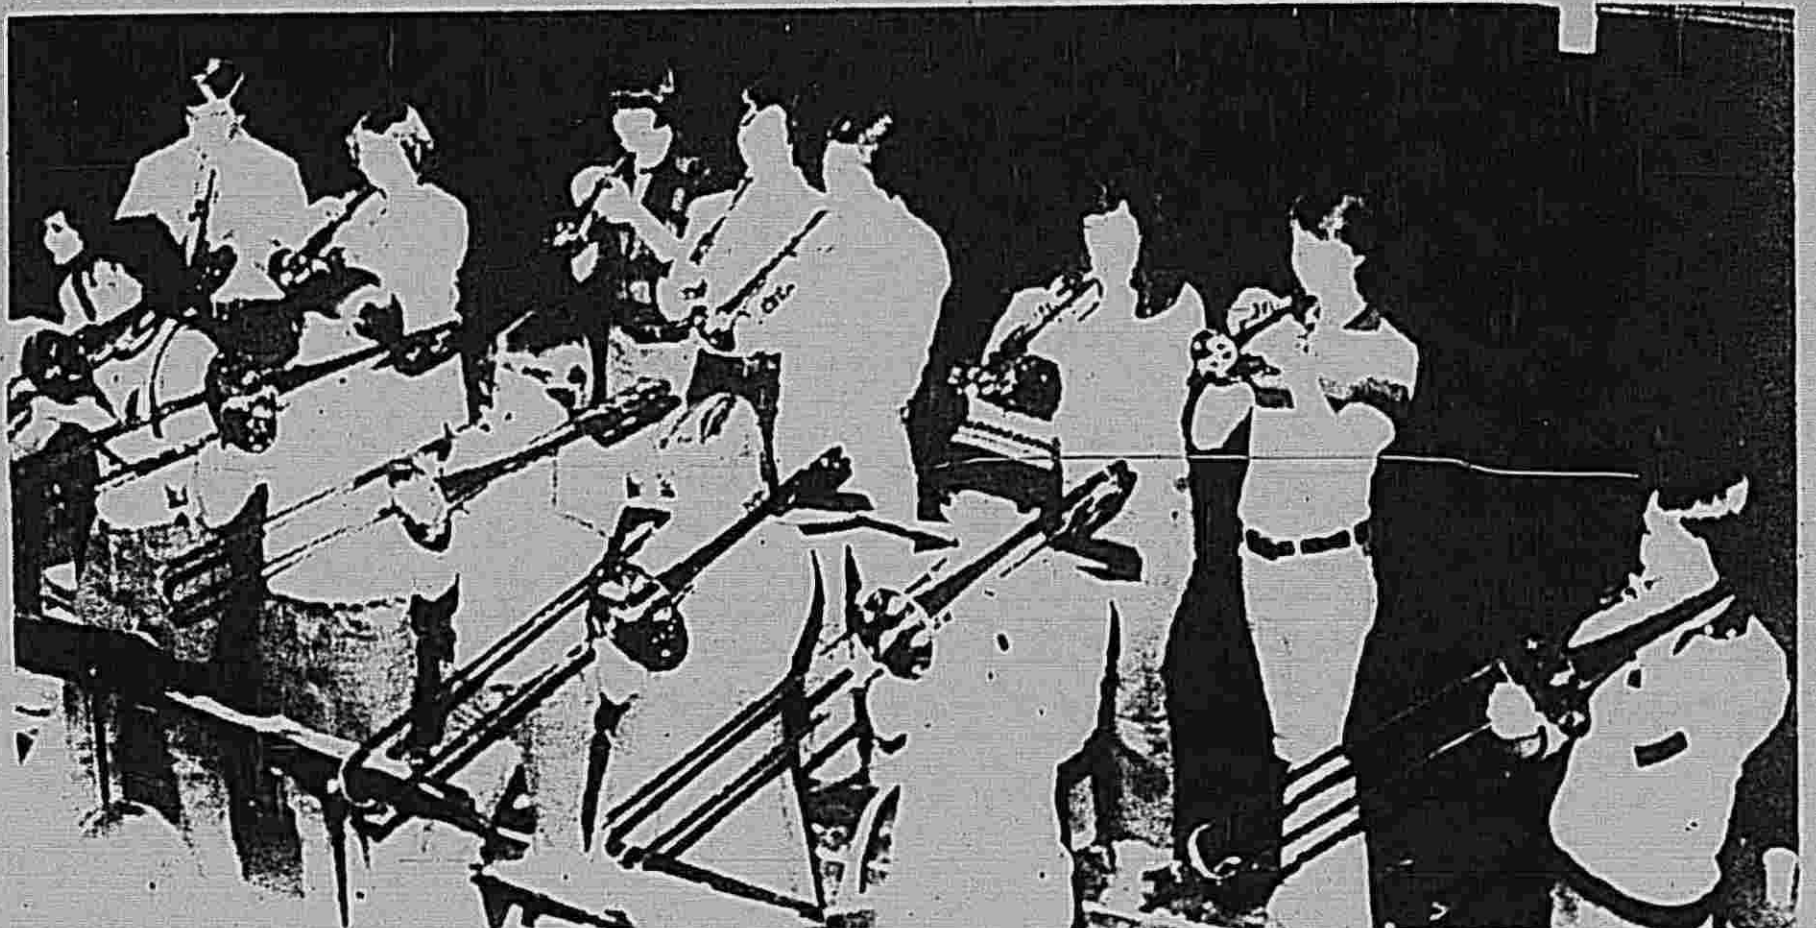

This is enough to give Ben nightmares about being nominated "homosexual father of the year."

Ben decides to straighten out his son by fixing him up with a prostitute. But this is doomed to comic failure. The prostitute has never had a tougher sell in her life; and her failure hurts her pride.

Eventually, the wife returns to the dry cleaner, where she saves the situation by talking her husband into "adopting" the limp-wrist boy. All this adds up to an evening of delightful side-splitting comedy with a capital "C".

"Norman Is That You," directed by Barbara D. Miller, will be presented at Andre's Steak House, 11106 U.S. 12, Richmond opening on March 16 and running Friday, Saturday and Sunday through April 1. Since seating is limited and reservations necessary it is advisable to call (815) 678-2671 or write to ARTS, Box 542, McHenry, at an early date.

Actors interested in auditioning for future shows are invited to schedule an interview.

Copacabana '79, the annual musical variety show sponsored by the Antioch High School Jazz Ensemble, will be presented at 7:30 p.m. on four nights, March 9, 10, 16 and 17 in the ACHS auditorium.

The Jazz Ensemble, Swing Choir and various acts will put on one hour of entertainment.

For the past month members of the band have been working on the set, props and selling ads.

In the meantime the Jazz Ensemble, Swing Choir and the dancers attended a

three-day camp at the University of Wisconsin at Whitewater.

There they learned dancing routines, various techniques on how to play songs and in general how to improve the show.

The Jazz Band will open the show with "Copa," and the "Copa Girls."

Band director John Olsar said donations are \$2.50 for adults and \$1.50 for students.

A limited number of tickets will be available at the door.

variety show to open March 9 at the high school, and continue one more week.

## Fool's Players to present 'I Do! I Do!'

A breath of spring is coming to Antioch in the form of the musical comedy, "I Do! I Do!" which will be presented by The Fool's Players on March 16, 17 and 18 at the United Methodist Church, Antioch. Curtain time is 8 p.m.

"I Do! I Do!" is based on "The Fourposter" by Jan de Hartog with book and lyrics by Tom Jones and music by Harvey Schmidt.

"I Do! I Do!" is the story of a marriage, of Michael and Agnes -- a chronicle of life, birth of their children, quarrels, money problems, love, all told in a warm sentimental style -- sometimes with tongue in cheek, sometimes brassy and bold,

alternately soft and touching, the director said.

Ken and Betty Smouse of Antioch are starring as Michael and Agnes and should be enjoying every minute of it.

After 27 years of marriage and five children, they said they feel very qualified to do it.

Both are active in the Methodist Church, PM&L and the Fool's Players. Ken teaches drama at Antioch Community High School and Betty is a pediatric nurse at Condell Hospital in Libertyville.

Tickets are \$3 for adults and \$1.50 for students. Reservations can be made by calling 395-6006, 395-1259. Or 395-1333.

TIM OSMOND of Antioch recently topped the \$1 million mark for sales in 1978 for the Northwestern Mutual Life Ins. Company.

Osmond's office is located on Rte. 59 and Rte. 173 in Antioch.

"Our record breaking year in 1978 in life insurance and disability income sales totaled \$44.1 million," he said.

Sales volume for the agency in 1978 topped the previous record set in 1977 by 43 percent which represents more than a \$13.35 million sales increase over a year ago.

## Gibsons finish season with super records

The two brothers who have been the talk of Lake County as members of Antioch High School's wrestling team — Marvin and Jon Gibson — finished their 1978-79 season last weekend in the state tournament at Champaign.

Marvin, a senior, wound up with a season record of 38 wins and only 3 losses at 126 pounds.

Jon, a junior, wrestling at 105 pounds, finished with a record of 41 wins against 4 defeats and will be back next year.

**BOTH WERE ELIMINATED** in the state tournament by the best high school wrestlers in Illinois.

Marvin lost his first-round match to Tim Zinzer of Aurora East, 10-5, and was eliminated when Zinzer lost his next match ... erasing Marvin's chances for a "wrestle-back."

His coach, Ted DeRousse, said:

"Marvin's career record at Antioch includes 145 varsity wins, a school record, and two places in state competition. Marvin plans to wrestle in college next year and also compete in freestyle and Greco wrestling this summer."

**JON GIBSON, WRESTLING** at 105 pounds, lost his first match in the state meet to the eventual champion, Bob Whitely of Lincolnway. Jon was leading until a late takedown and pinning combination ended the Antioch junior's bid for a state title.

Jon's wrestle-back for third place ended with a 6-2 loss to Davis Harris of Belleville West, after Jon had beaten Jim Alvarez of Belleville and John Powers of Addison Trail.

Jon finished the season with a 41-4 record. He has an Antioch High School career record of 109 wins and has one year of competition remaining.

## Upper Grade wrestlers finish undefeated

Antioch Upper Grade school completed their dual wrestling season undefeated last Thursday when they blitzed a "sliding and slippery" North Chicago - Neal team.

The team score was 37-12, Antioch Coach Ken Anderson said.

Winners for the Apaches were Bob Torsitano (75 pounds); Chris De Witt (85); Tad DeRousse (90); Tim Curtis (100); John Weldin (105); John Oelkers (111); Dave Corso (118); Andy Lehn (125); and George Bessette (145).

Winning on the exhibition mat were Cal Knutson, Mat Ludwig, Ken Sandrick, Mike Mielke, Matt McGrain, and Tony Varga.

The Upper Grade has finished its third undefeated season this year, since its wrestling program started five years ago.

The Apaches competed in 12 dual meets this year.

On Saturday, the Upper Grade will host the District tourney, where six area junior high school teams will compete.

Place winners from this tourney will advance to the sectionals, which will be held at Antioch High School on March 9 and 10.

Qualifiers from the sectionals advance to the state finals, which will be held at Joliet Central High School in Joliet on March 16 and 17.

The Apaches will enter the State tourney series with a strong tournament team, and will be led by eight outstanding wrestlers: Jeff Niese (75) 15-3-1; Tad DeRousse, (90) 22-1; Steve Case (95) 19-6; John Oelkers (111) 22-0; Andy Lehn (118) 23-1; George Bessette (125) 23-0; Tibor Jung (145) 16-4; and Billy Carney (155) 21-2.

## Harrison competes in state swim championship

Suzanne Harrison, a junior at Antioch High School, was the first student to represent the school in the Illinois Diving and Swimming Championships which were held in Downers Grove, Ill. last weekend.

Suzanne qualified in both the 200 yard and 500 yard freestyle events in the district meet held at Palatine the week before. However, the Antioch swimming relay team did not qualify.

Since the high school does not have the necessary facilities for a swim team, Sue spent many hours before and after school traveling to the pool at Lake Forest College for workouts.

The State Meet was filled with its moments of sadness and happiness, Athletic Director Ward Lear said.

Sue said she was quite disappointed with her times, as she did not swim the best times she was capable of.

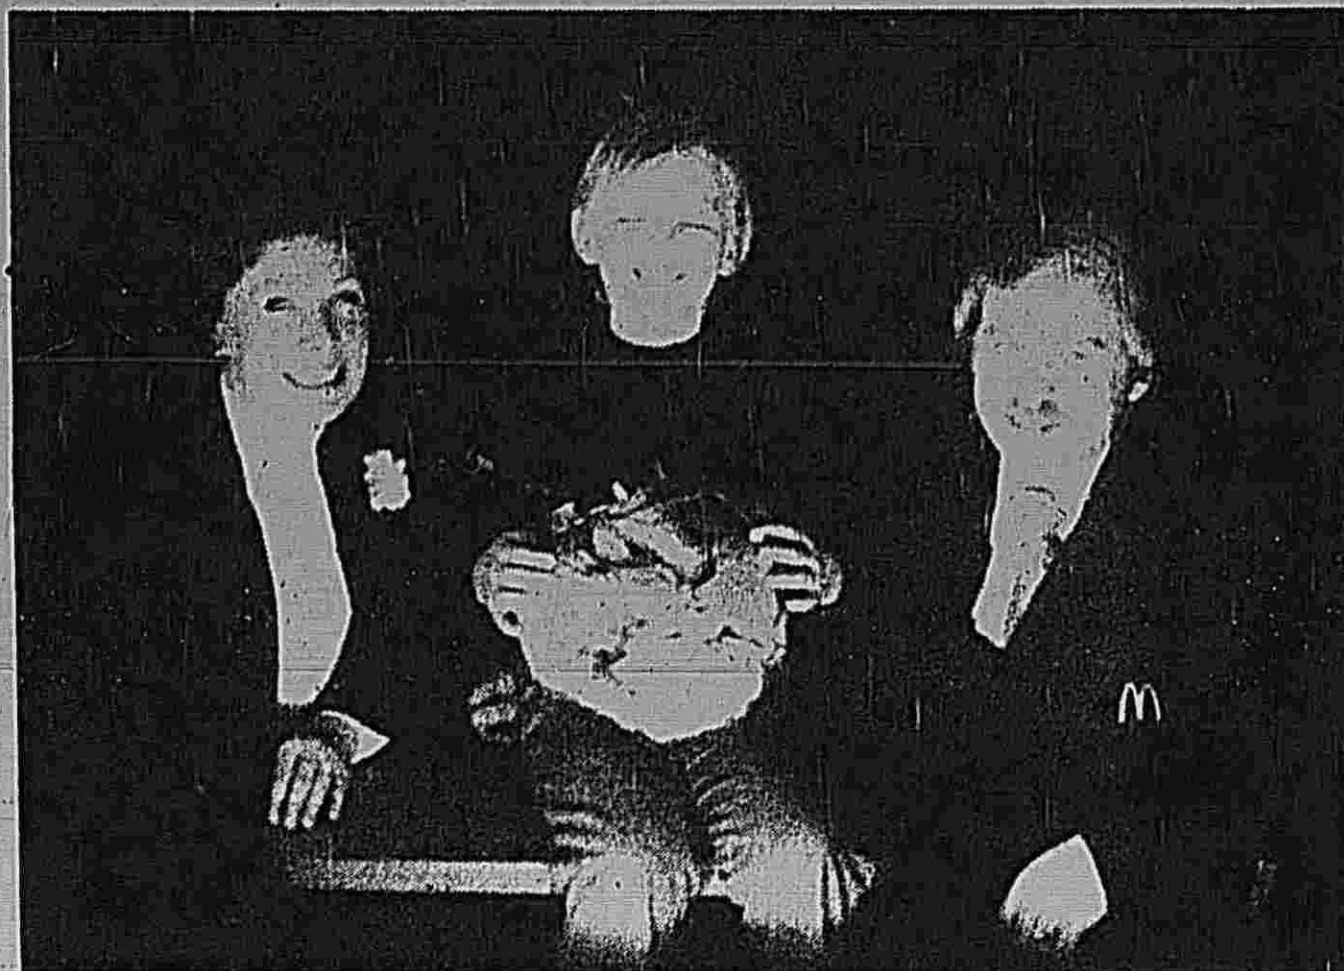

In the 500 yard event, Sue placed 16th, missing the finals by four places, Lear said.

Sue said she is already looking forward to next year. She will be a year older and stronger and hopes to place in the finals.

Between now and then Sue said she will be swimming a countless numbers of laps keeping herself in shape.

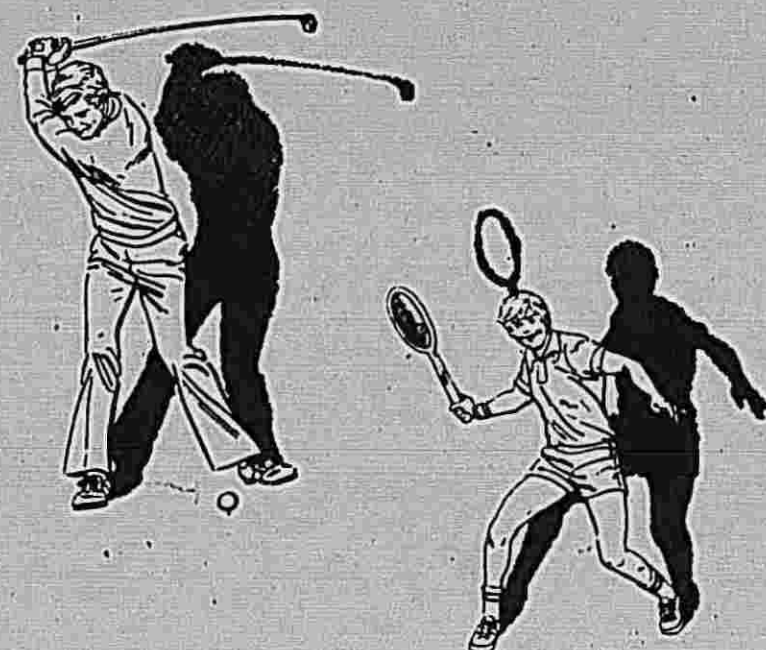

Miss Wennstrom supervised the swimmers at Palatine and Mrs. Chilcote accompanied Sue at Downers Grove.

The other girls who swam at Palatine were Karen Shepard, Sheryl Harrison and Judy Houghton.

WINNER OF THE Antioch McDonald's cookie contest was eight-year-old David Hallwas of Antioch, center, who guessed the correct number of 411 cookies in the jar. With David are JoAnn Catanzaro, McDonald's store activities representative, and Chris Singleton, general manager.

# Warren wants title, but Sequoits stand in the way

Antioch High's basketball team has a chance to end its regular season on a high note this weekend when it entertains Warren's Blue Devils Friday at 8 p.m., following a 6:30 sophomore game.

Warren comes here with a 10-3 record and is tied for first with Wauconda in the Northwest Suburban Conference. The Blue Devils must beat Antioch to ensure at least a share of the championship.

It isn't an easy assignment for Warren. The conference race has been a tight, six-team affair this winter, with any of the top six teams able to beat any of the others on a given night.

Friday night's game here will be "Parents Night" ... the last game in the Sequoit gym for Antioch's seniors.

WHILE WARREN AND WAUCONDA go into the final Friday night sharing 10-3 records, Lake Zurich and Stevenson are tied for third at 8-5 while Antioch and Grant share fifth place with 7-6 records.

Only Grayslake and Round Lake, each at 1-12, have been out of it this season.

The Sequoits' conference record tumbled to 7-6 last weekend when they lost 79-66 at Stevenson.

But Antioch bounced back Saturday night, at home, and trimmed Lake Forest 63-49 in the non-conference game.

At Stevenson, three Sequoits scored in double figures — Pete Ploss getting 16 points, Scott Gallagher 14 and Dave Gutowski 13.

"Even in defeat the team played good basketball," said coach Roger Andrews. "But we need to get more aggressive and alive on defense, which was a good part of our earlier success."

Ploss got eight rebounds against Stevenson and Gutowski led the Sequoits in assists with eight.

SATURDAY'S NON-CONFERENCE WIN against Lake Forest here was a victory the Sequoits needed to return to their winning ways.

Four players scored in double figures — Gallagher with 17, Korjenek and Gutowski with 12 each and Ploss with 11 points, plus 11 rebounds.

The Sequoits improved their field goal accuracy from recent games, swishing 40 percent of their shots.

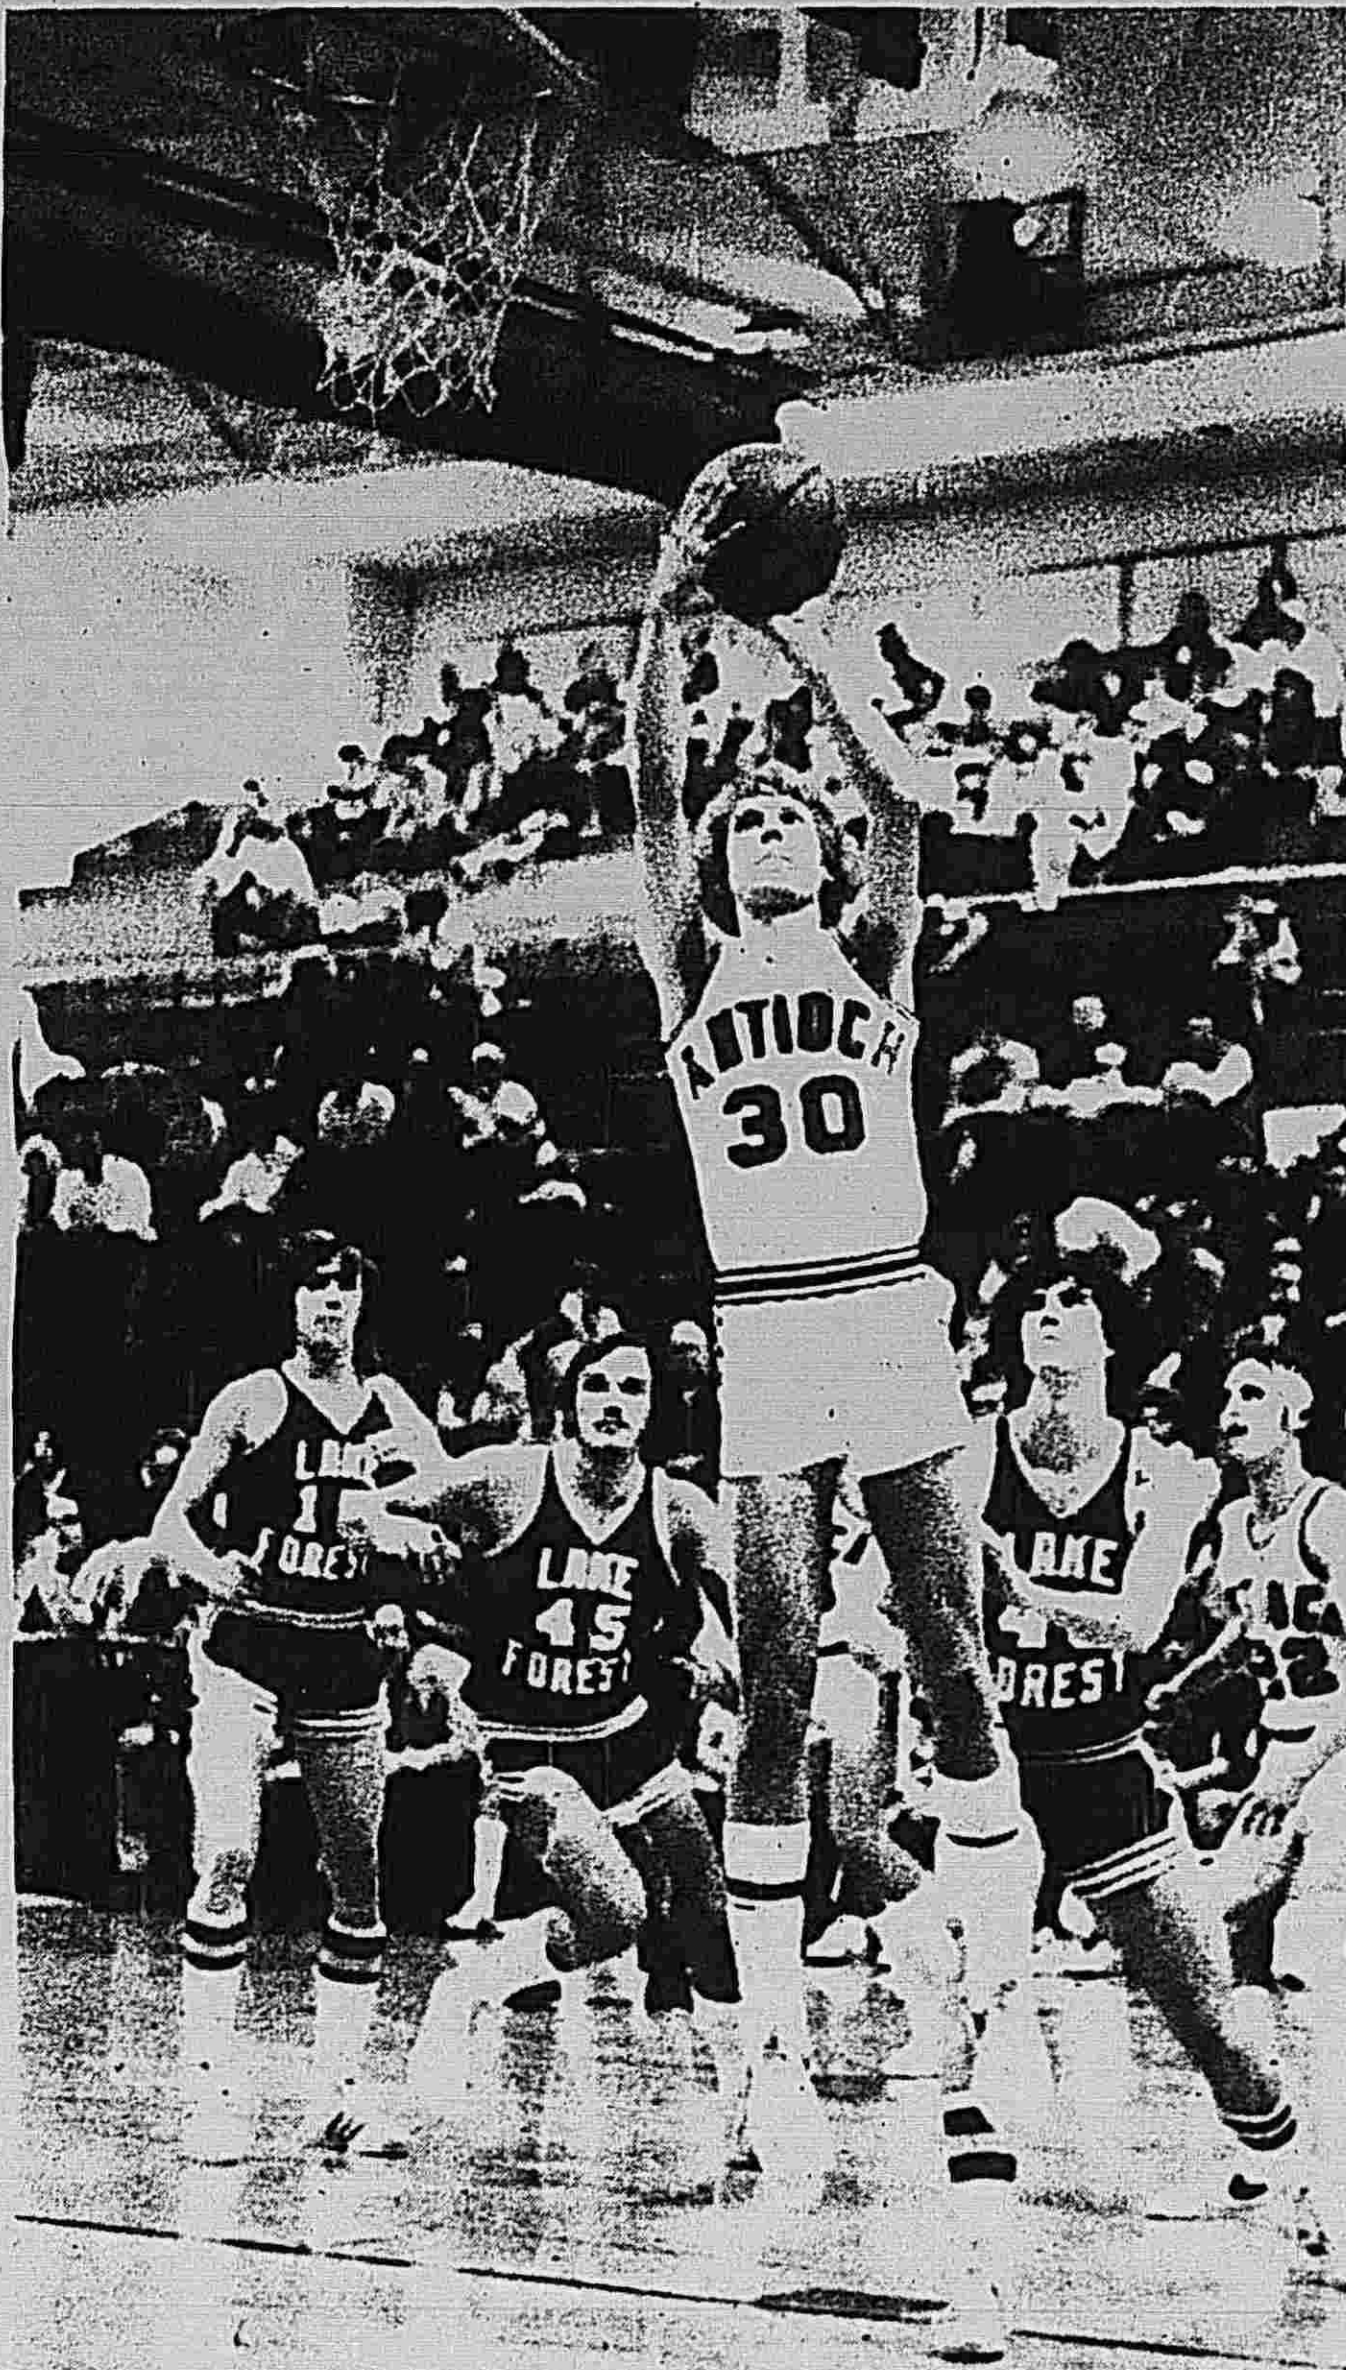

"WE HAD GOOD TEAM play and fine passing by Dave Gutowski with 10 assists," said coach Andrews. "We had solid rebounding, led by Pete Ploss. And Rob and Ron Nauman came off the bench when Ploss and Chris Oddsen were in foul trouble, grabbing 13 boards between them."

"Roger Plechaty did some very good defensive work in the second half," the coach added. "Also, Scott Gallagher is playing good basketball on defense and also hitting in double figures the last three games."

"The team defense also showed some of the old spark, holding Lake Forest to less than 50 points. All in all, the team played well and will do fine in its future games," Andrews said.

CHEERLEADER Robin Anderson and the fans behind her, were pleased with the Sequoits' Saturday night win over Lake Forest. (Photo by Andy Dugenske)

OPPONENTS GOT TIRED of seeing this happen all season ... but Antioch never tired of it. Pete Ploss went up for two more points in Saturday night's win over Lake Forest here. (Photo by Andy Dugenske)

HOW DO YOU BEAT A TEAM like Lake Forest by 14 points? Well, first, you get good performances from your basketball players, and then it always helps to have good cheerleaders such as (from left) Dawn Krahn, Kathy Walsh and Kim Kuchera. (Photo by Andy Dugenske)

## Sandi Stewart wins basketball contest

It isn't unusual for a Stewart to win the Antioch News' basketball contest.

Laura, Harry and Mark have been occasional winners and last week it was Sandi's turn.

She predicted that Antioch High School would beat Lake Forest by 13 points in their game here last Saturday. The Sequoits won by 14 and Sandi will be rewarded with \$15 in cash from Pedersen Bros. Implement Co.

SECOND PLACE went to Tom Gutowski, whose brother Dave played a key role in the victory. Tom picked the Sequoits to win by 12 and he will receive a check for \$10 from Bob's Septic and Cement Service.

There was a three-way tie for third — Bernie Gutowski, Derek Klein and Alan Figi each forecasting a 10-point win for Antioch.

Bernie (Tom and Dave's dad) came closest in the tie-breaker, last Friday's game against Stevenson, so he will receive \$5 in cash from the Antioch Counseling Clinic.

All checks will be in the mail within a few days.

ANOTHER CONTEST appears on page 15 today.

The "game of the week" is Antioch's last conference game of the season, Friday at 8 p.m. against Warren's red-hot Blue Devils.

But it's a home game for Antioch and the Sequoits lost to Warren in January in Gurnee, by only one point (49-48).

Another \$30 in prizes awaits the fearless forecasters who most accurately predict the outcome of the return match.

## Girls' varsity cagers tie in race for conference title

On Tuesday, Feb. 20 the Antioch Girls Varsity avenged an earlier loss with a 46-34 victory over Round Lake.

The win, coupled with losses by Grant and Stevenson, gave the Antioch team a two-game lead in the conference.

Ahead by three, 20 to 17, at half Antioch scored 21 points in the third quarter to put the game out of reach.

Tracy Manuel was top scorer with 14 followed by Chris Byrne with 12 and Kathy Bailey with 10.

Coach Chris Coolidge said Saturday Antioch played at Lake Zurich where they assured themselves of at least a tie for

the conference title with a 42-30 victory.

Coolidge said it was easily the Sequoit girls' most consistent game of the season as they played well for four quarters. Tracy Manuel was top scorer with 12 and pulled down a phenomenal 20 rebounds.

Kathy Oddsen scored eight points and pulled down nine of the total 50 rebounds.

Saturday, March 3, Antioch plays its final conference game at home against Warren.

## Frosh stun Stevenson

Antioch's Freshman basketball team upset previously undefeated Stevenson Saturday in Prairie View. The score was 51-50. The win evened the Sequoits overall record at 9-9 and gave them a 7-6 record in conference play. Stevenson is now 12-1 in conference and 18-2 overall.

Both teams played very well. Antioch hit 59 % of its shots while Stevenson hit 64%. The key was the Sequoit's domination of the boards. Antioch grabbed 13 offensive rebounds and 11 off the defensive board while Stevenson managed only four and seven respectively.

Gordy Nasbenbeny nabbed seven rebounds while Steve Sheedlo had six and Bob Gatti five. The same three players also led in scoring, Nasbenbeny, 24 points, Sheedlo 12 points and Gatti six points.

Coach Norm Hahn was quick to point out that it was a

team victory: "Although those three guys did the most, the other players helped on the defense. Everyone who played really did the job necessary to win. Mike Pinkham had five assists and Tim Higgins, Keith Larsen and Matt Stevens all added to the win."

In the "B" game Antioch put its 10-0 record in the conference on the line against Stevenson's 10-1 team. The Sequoits dominated play to win 54-46. Ed Jorgensen scored 18 points to lead the team. Dennis Cardiff added 11 points and Alan Ware chipped in with nine. Rich Ranney scored eight and along with Ware and Mike Gofron pressed the Patriots into many errors.

Antioch's frosh teams will complete their season with a trip to Lake Forest and then a home game with Warren on March 3.

## Along the way with ANNIE MAE

CONGRATULATIONS, SUE KOPPA! Sue was one of the top 10 outstanding young persons in Illinois selected by the state Jaycees and honored at a banquet recently hosted by the Park Ridge Jaycees.

Sue was the only woman of the top 10 candidates. Sue recently won the Outstanding Young Person award in Antioch for her work as recreation coordinator for the village for the past five years and for building up the park program from just about scratch to an excellent assortment of activities.

Sue said she had lots of fun at the banquet, and was a bit nervous in front of the 1,000-plus crowd there when delivering her acceptance speech. Congratulations again, Sue!

WELL KNOWN residents of Channel Lake, Paul (Dutch) and Helen Zeien, celebrated their 39th wedding anniversary last Saturday!

The Zeiens have lived at Channel Lake all their married life and they both attended Channel Lake Grade School

and Antioch High. They told me they returned last week from a month's stay in Florida (how lucky!) visiting Paul's brothers, Frank and Peter, at Ft. Lauderdale and Miami.

Dutch and Helen have eight children and three of their six married children live in Channel Lake. Their two youngest sons are still at home. Again, congratulations on your anniversary!

ANTIOCH IS REALLY going to miss Lee Tresize, executive secretary at the Chamber of Commerce and Industry. She told me she's accepted a position as office manager for Central Baptist in Lake Villa, an offer she just couldn't refuse. She'll start March 1.

Lee has been with the Chamber since October and is definitely one of the most cordial, pleasant and well-organized people I know. And anybody who has been in contact with her knows that's true.

Anyway, the Chamber will definitely miss you, Lee.

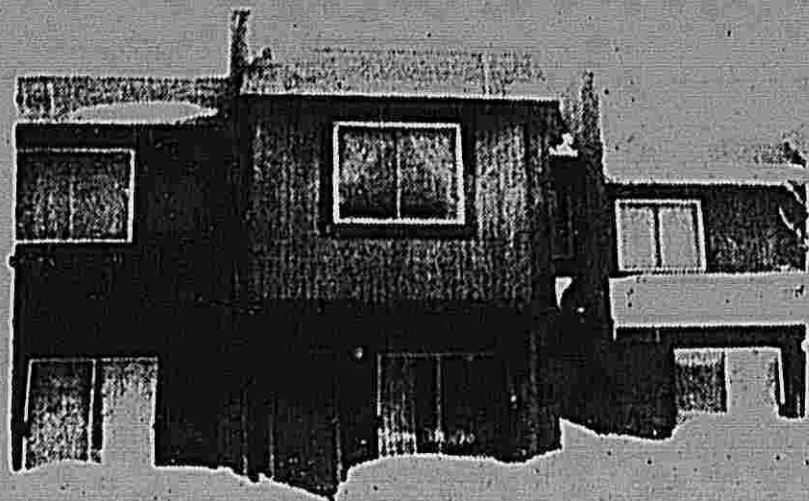

ED ABDERHOLDEN of Antioch celebrated his last birthday Feb. 23 as a swinging single. He recently was engaged to Lynn Olson of Lake Forest.

IT WILL BE STREAMERS and candles around here on Friday as our very own Jerry Pfarr chalks up one more year. The only problem is that he won't tell us how many candles to buy. Come on Jerry, are you really that old?

We hear that a "Good Buddy" of ours is celebrating a birthday this week. My goodness, it seems like he just had one not too long ago but, as they say, the older you get the faster they go. Is that true Howard?

## Emmons girls cagers win first four

As the Des Plaines-Fox Valley Conference moved into the girls' basketball season, Emmons maintained its dominant position in the league as the team from Emmons swept to four convincing victories.

The Emmons squad defeated two non-conference opponents to start the season, winning 32-4 over Viking and 28-10 over West Oak.

In conference play, the girls overwhelmed Lotus 37-9 and stormed past Grass Lake 34-2.

In the opening game against Viking, Lisa Davis led all scorers with 10 points, and pulled down 12 rebounds.

Theresa Weber added eight points, while Karla Bolton and Shelly Volling added six each.

Against West Oak, it was a two-girl show as Volling and Weber each hit for 14 points.

The first conference game saw evenly balanced scoring again as Davis and Weber led the scoring with eight points apiece. Karla Bolton and Shelly Volling added six each.

Coaches said against Grass Lake, the Emmons defense almost totally shut down their opponents, allowing only two points. Grass Lake shot only twice in the first half.

Through four games, Theresa Weber leads in scoring with 36 points. Shelly Volling has scored 34 and has pulled down 20 rebounds. Lisa Davis leads the team with 37 rebounds and has contributed 26 points.
